Description: Late January 2009, members of INCOSE SoMD learned first-hand that innovation is alive and well in St. Mary's County. More importantly, county high school and middle school students were given an opportunity to challenge themselves in a friendly competition with their fellow county students in presenting their individual science and engineering projects. Why is this big deal? These young people are the future of our profession and our country's competitiveness in a global economy. Please come and show your support for our county youth by seeing the prize winning exhibits and talking with their creators. This should be a very interesting event! CAPT Matt Scassero will be our guest speaker and the Master of Ceremonies.

When: Tuesday, 17 March @ 1130 to 1300

Where: Cedar Point Officer's Club

Bill of Fare: Buffet and Beverages

Cost: SoMD INCOSE Chapter members: \$6.00, Non-members: \$9.00
